MATCHMAKING EVENT

AI and Society: Researchers' Commitment to Positive Transformation.

13 – 14 NOV. 2024

An event dedicated to researchers, young researchers, and PhD students who would like to meet up and network within the field of Artificial Intelligence.

St-Etienne, France | Campus Manufacture, building Les Forges

NOVEMBER 13   # NOVEMBER 14

8:30AM   Opening, welcome speeches and café

10:00AM   Opening panel discussion: legal aspects of AI

12:30PM   Lunch break ■

2:00PM   Two workshops: ■

Core of AI
Foundations of AI methods and associated challenges.

AI Tools for Text Analysis
Presentation of a tool used at JMU and its applications in Social Sciences.

3:30PM   Two workshops: ■

AI for Sciences
AI approaches addressing challenges in fields such as astronomy, biology, medicine, physics, and environmental science.

AI: Ethics, bias, and security
Ethical issues, impact of bias, questions of fairness and security, such as detecting fraud or securing AI systems more generally.

5:30PM   Cocktail dinner ■
The perfect time to network and explore the research posters presented by the event participants.

■ : *Registration required*

9:00AM   Two workshops: ■

How AI is shaping language
Perspectives from design and marketing.

Modern didactic techniques in education using AI
Presentation of tools and platforms used at USIL, USAAR and JMU.

11:00AM   PhD Conference
Presentation of junior labs, PhD Tracks, Bootcamps, European PhD degrees, and an open mic session for T4EU PhD students to present their research topics on AI.

12:30PM   Lunch break ■

2:00PM   Matchmaking and coffee
This dedicated free time is designed to allow you to connect with event participants. Rooms will be reserved to facilitate idea–sharing and potentially initiate collaborations on projects.

3:30PM   Hubert Curien Laboratory visit ■
It is composed of about 240 members who work on scientific topics related to optics, photonics and microwave, computer science, telecom and image.

■ A T4EU MATCHMAKING EVENT

The T4EU Alliance is committed to building bridges and contributing to the professional growth of researchers and PhD students. To this purpose, a series a matchmaking events will be organised by the T4EU partner universities – 10 events until 2027.

■ REGISTRATION INFORMATION

To register to this first matchmaking event, the workshops, the meals and the lab visit, please fill out this registration form: https://forms.office.com/e/1kN0Di4DNv

The maximum capacity of the event is 100 people. Each workshop is limited to 45 spots. The lab visit is limited to 20 people.

Please contact the T4EU coordinators or the International Office at your university for information about mobility funding before registering.

Registration deadline: October 31.

■ RESEARCHER POSTER EXHIBITION

You are invited, if you wish, to participate in the event with a poster summarizing your research topic. These posters will be displayed in the Cocktail Dinner room.
