THE WILLOW'S TEMPLE

OUR GOALS

- Raising ecological awareness
- Preserving natural environment
- Community building

EDUCATION

To initiate the community's awareness about willow and its ecosystem and the human impact on nature.

PRESERVATION

The elevated path directs human walking to not disturb the naturally developing environment around the tree.

RITUALISM

Path and benches collect water for humans to perform a ritual of making a wish, taking water, and offering water for the willow.

"Under the old willow, at the far end of the meadow [...]
Your beautiful dreams will come true tomorrow."
